The 4th Training Program of Rational Use of Medicine for Health Professionals in South and Southeast Asian Countries

As one of the series of activities of the South and Southeast Asia Medical Education and Service Alliance in 2021, the 4th Training Program of Rational Use of Medicine for Health Professionals in South and Southeast Asian Countries hosted by the Yunnan Provincial Department of Commerce and Kunming Medical University will start soon. The training programs invited experts in the fields of pharmacology, medicine and drug research and development from China and Thailand to focus on antiviral, antimalarial, antituberculosis, analgesia and anesthesia. Special lectures will be given on the rational use of drugs for cardiovascular diseases, treatment of COVID-19, and drug research and development and application. During the training, there will also be an online visit to the KPC Pharmaceuticals, Inc and the Department of Pharmacy of the First Affiliated Hospital of Kunming Medical University. Fifty medical and health care providers from 10 countries including Pakistan, Bangladesh, Nepal, Thailand, Vietnam, Laos, Myanmar, Cambodia, Indonesia, and the Philippines, as well as representatives of pharmaceutical companies from South Asian countries will participate in the online training. The training will be broadcast live in both Chinese and English. Welcome to attend it online and share a feast of knowledge about rational use of medicine.

Time: 1:30pm--4:30pm (UTC+8)

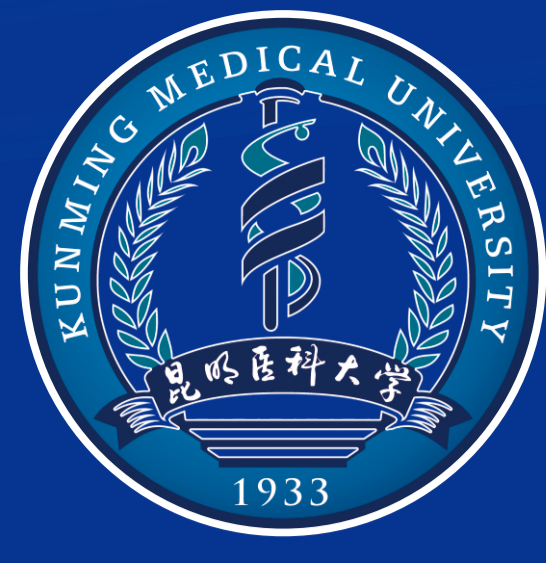

Date: 25-29 October, 2021 (Monday to Friday)

Venue: 308 Academic Exchange Centre of KMU
